

KĀKĀ COLOURING

Look at the kākā. What colours are their body parts usually?

Beak: Black/grey

Head: White

Cheeks: Red/orange/yellow

Chest: Red

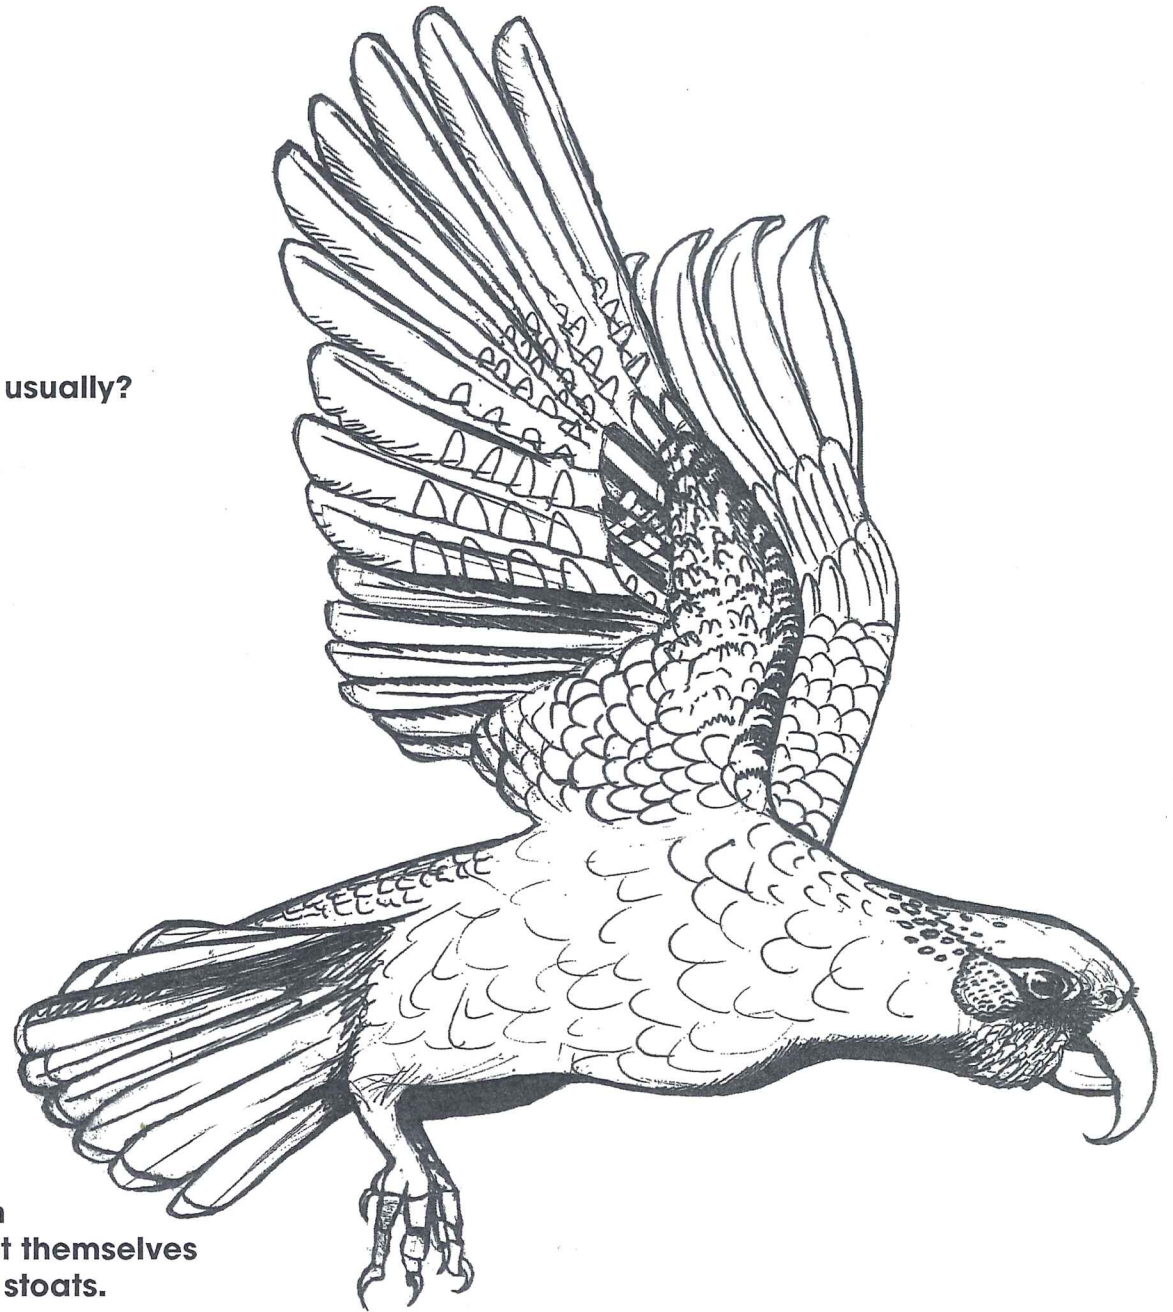

Back: Brown

Wings: Brown

Underwings: Red

Tail: Brown

Undertail: Red

Kākā are camouflaged from above so that they can hide from the Haast eagle. Now they have to protect themselves from mammal predators such as rats, possums and stoats.

COLOUR THE KĀKĀ IN AND GIVE IT SOME ANTI-PREDATOR DEFENSE FEATURES!
